# Akamai's history in Krakow

- Celebrating 13 years of history with > 1000 employees from nearly all engineering departments
- Highly engaged in the local Women and Diversity in Tech groups
- Active Programs with University & Academia Exchange (including university classes) contributing members of the local tech community

# Why Krakow?

- The combination of historical, traditional and proud heritage with a modern, thriving university city
- Heavily invested into technology and while ensuring work-life balance by driving to be one of the greenest, family friendliest cities in europe
- Active day and nightlife for everyone's interest and significant cultural opportunities to learn more about polish and krakow culture

# What to do?

- **Recommendation**
  - Arrive early, leave late!
  - 2 UNESCO World Heritage on your finger tips
- **How to prepare?**
  - Krakow is well connected to most of europe (Airport, Trains, Bus)
  - English is well understood through most parts of the city
  - Currency is NOT EURO, but card payment is accepted
  - Open, Safe and divers city that will welcome you with open arms!

See you at
