Global Reporting

RIPE 87 - November 2023 - Rome

What is
Global Reporting
and why is it
important?

Abuse Desks need your support!

Status Quo

Hi there,

Here is an Abuse Report from the Abusix Global Reporting service sent on behalf of:

Swisscom

The report concerns:

2023-09-12T10:03:25Z

Spam

Attached is a detailed report in XARF format.

XARF is an open, community-driven format for sharing abuse reports in an easily parsable form.

We sent this report using the free Abusix Contact DB service on behalf of the originating network. You r

abusix

- **WIN - WIN - WIN Situation**

- **Notifying ~1000 Abuse Desk per Day**

- **We are sending 10 different event types, like Spamtrap, Botnet, Malware, …**

- **We are sending on behalf of ~10 companies at the moment. ~10 in the onboarding right now.**

abusix

What's next?

- ## More Reporting of Abusix Honeypot Data

  We are actively looking for more Honeypots.
  Please reach out if you are interested.

- ## More Global Reporting

  We are actively onboarding more companies with more event types.
  Please reach out if you are interested.

- ## Feedback Loops

  We are launched a Validity Feedback Loop Replacement based on RFC 9477 3 weeks ago.
  Onboarded Swisscom and ~10 more companies in the works right now.
