Let's learn more about you and
your sustainable networking experience

Please fill out
this short survey

tally.so/r/319vbl

What **issues** do/did you face wrt. sustainability?

What **sustainable practices**
have you already tried or currently apply?

Do you have any good/bad experience
to share wrt. **academic collaborations?**

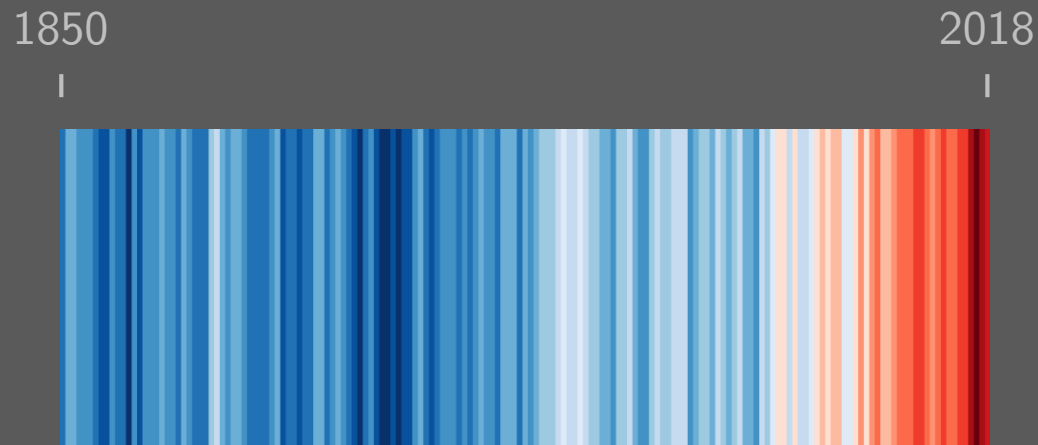

We are all in this together,
so let's try to make it work!

BoF - Sustainable Networking

Many thanks for your inputs!

Let's work together

Climate stripes. Ed Hawkins, 2018
portrays the increase of average global temperature
